LABOR WOODED
BY DEMOS AT
BATTLE CREEKFRANCO LOSES HOLD
ON MICHIGAN'S
DELEGATION

Battle Creek, May 3. (P)—Michigan Democrats, pressed on the flank by the Wallace third party, made a strong bid for organized labor support in the weekend party convention here.

The delegates, taking the cue from their leaders, elected three labor chiefs to the 16-member delegate-at-large slate to attend the national convention in Philadelphia next July.

The three are August Scholle, state CIO chairman; John Reid, secretary of the Michigan Federation of Labor, and John W. Gibson, former state CIO chief and now assistant Secretary of Labor.

Party gossip said the CIO in particular had promised full financial support to the Democrats if they were given major recognition in the delegation.

No Stormy Sessions

The convention saw none of the vociferous labor demands for party control which has marked past conventions. In fact the union members seemed to be exerting a stabilizing influence.

Gibson admittedly was an emissary of the Democratic national committee to the White House, seeking peace in the stormy Michigan party.

The delegates kept the peace at the expense of State Chairman John R. Franco, electing 67 delegates reportedly heavily anti-Franco.

The delegates, not having to elect the national committeeman and national committeewoman until they reach Philadelphia, did not make known their sentiments here, but all indications pointed to anti-Franco selections.

National Committeeman E. Cyril Bevan of Detroit, who Franco sought to oust, was believed certain of reelection, and the odds were Mrs. Minnie Schwinger of Saginaw would be the national committeewoman chosen to succeed Mrs. Clara B. Van Auker of Detroit, resigned.

Mrs. Patterson Rejected

Mrs. Schwinger's opponent, Mrs. Violet Patterson of Perkins and Lansing, vice-chairman of the state central committee, was not even chosen a delegate. Franco got on the delegate list from his own county of Oakland, where he is a (Continued On Page 12)

Train Kills Father
And Parents Going
To Saginaw Reunion

Saginaw (P)—A young father and his parents, bound from Texas for a family reunion, were killed Sunday in a grade crossing crash less than a mile from their destination.

A New York Central passenger train struck their automobile as the young man's wife waited with her baby and relatives for the train's arrival.

Killed were William L. Miller, 22, of Reese, a Tuscola county town, and his parents, Walter Miller, 49, and Hattie, 48, residents of Loveland, Texas.

The news prostrated the young Miller's wife, Susan. At a farm home in Richville, a mile from the crossing, she had eagerly waited with her daughter, 18-month-old Susan, and a group of relatives.

Eisenhower Moves
Into 21-Room House,
Bids Army Goodbye

BY GEORGE W. CORNELL
New York, May 3. (P)—New tenants today occupied a four-story brick house at 60 Morning-side Drive—Gen. and Mrs. Dwight D. Eisenhower.

The neighbors didn't waste any time about getting acquainted. When the General and Mrs. Eisenhower strode up to the front door of their new "civilian" home yesterday there were 200 folks from next door and across the street to say "Hello."

AUTO INDUSTRY
HAS TROUBLESStrike Threats Faced;
Materials Short

Detroit, May 3. (P)—The automobile industry entered upon a possibly critical ten-day period today.

Strike threats from more than 80,000 workers had to be dealt with and car makers still complained of supply shortages.

Negotiations in wage disputes, however, were either pending or awaiting selection of a date for resumption—a factor which eased the situation at least to some extent.

Chrysler Corp., laying off 2,500 Plymouth employees today for a week's time, faced a threat of a strike May 12 from its 75,000 CIO United Auto Workers.

Negotiations were suspended last week. The UAW demands a 30 cents an hour wage increase as well as improved vacations, pensions and other fringe concessions.

Chrysler offered six cents and then withdrew the offer when the union turned it down.

The UAW-CIO at Milwaukee and Kenosha, Wis., plants of Nash-Kelvinator Corp., where approximately 7,000 are employed, also sought to back up a wage demand with a threat of strike.

Atom Bomb Cruiser
To Be Sunk at Sea

Vallejo, Calif., May 3. (P)—The heavy cruiser Salt Lake City, radio-active from her target ship role in the Bikini atomic bomb tests, will be sunk at sea by surface units the last week in May, officials at Mare Island Navy yard said today.

The 1929-built veteran of Pacific warfare from the Solomons to the Aleutians is presumed to be at Kwajalein. Other radio-active ships have been sunk in that area recently.

Heights," shouted one woman. "We're your new neighbors," cried another.

Grimacing broadly, General Ike waved his cap as the crowd closed in. He spotted a soldier in the throng, and called out: "I see you're from the 71st. My son was in that outfit."

Although Eisenhower still wore his uniform, he said his goodbyes to the Army yesterday at Fort Myer, Va., before driving here, where he is to take over as President of Columbia university June 7.

Mrs. Eisenhower carried a bouquet of yellow roses presented to her by the Fort Myer personnel. As their car, driven by Master Sergeant Leonard Dry, pulled to the curb in front of their new home on the Columbia campus, photographers gathered.

The 21-room house into which the Eisenhowers moved is the official residence of the Columbia president. Reporters were invited inside the foyer briefly on condition they would only ask questions about the couple's seven-hour drive to New York City.

PACKERS CALL
MEN TO WORKExtra Policemen Guard
Plants In Chicago

Chicago, May 3. (P)—Packers reported a back-to-work trickle of strikers in the six-week-old strike of CIO-Packinghouse Workers, but there were increased numbers of pickets at plant gates today.

Non-strikers passed through the lines without incident this morning as police stood by alert.

CIO officials said that none of the workers who entered the struck plants were members of the Packinghouse Workers.

A Wilson and Company spokesman said, however, "Some of the strikers have come back to work."

An official of Armour and Company said "our working force is gaining in numbers slowly."

The four major packers, Swift, Wilson, Armour and Cudahy announced that they have increased the pay of all plant employees nine cents an hour.

WINDOW WASHERS QUIT

Detroit, May 3. (P)—Three hundred window washers walked off their jobs today as Detroit's clean-up week began.

Members of the AFL Window Washers union, they are asking a 15 cent an hour wage increase from 16 firms. Their present rate is \$1.65 per hour.

HOUSE GROUP
PUTS O. K. ON
2-YEAR DRAFTDEFENSE MEASURE
UP FOR DEBATE
NEXT WEEK

Washington, May 3. (P)—The House armed services committee today approved 28 to 5 a two-year draft bill.

The vote puts the issue for selective service formally before Congress for the first time since the war.

Before voting, the committee heard Secretary of Defense Forrestal call the measure "excellent."

There is an immediate and imperative demand for something to augment the size of our armed forces," he said. "This bill provides it."

No UMT Provision

Chairman Andrews (R-NY) called Forrestal and secretary of the Army Royall in for a final look at the measure before a formal committee vote. Royall said it is "thoroughly acceptable to all the services"—army, navy and air force.

They did not ask that the committee put in any provision for limited training of 18-year-olds, but Forrestal emphasized that he still believes universal military training is needed.

Andrews has been assured by House leaders that the bill will be called up for debate next week.

As the committee gathered, there was a possibility that one of its members might try to hook a delayed-action universal military training amendment onto the draft bill when it goes before the House. Other members did not think much of the idea.

Andrews stood on the sidelines for this argument. He said the only thing on his mind right now is getting the draft measure out of the committee's hands and on to the floor.

Exemption for Veterans

These are the bill's principal provisions:

1. It would raise the total authorized manpower of the armed forces to 2,005,382—army 837,000, air force 502,000 and navy and marine corps 666,382. The present total strength is 1,384,500.

2. Men from 18 through 30 would be registered, with those from 19 through 25 liable for two years' service. Men in the 19-26 group could enlist voluntarily in the regular army for two years, but in no other service.

3. Most veterans would be exempt from service, but those under 31 would have to register.

4. Industrial plants could be seized by the government if they

And Woman Trapped
In Bedroom By Fire

Monroe (P)—Five-year-old Magdalene Moyer, a neighbor's child, and Mrs. Margaret Gibson, 70, died in a fire which destroyed a small home in the village of Steiner Saturday.

The flames apparently trapped the invalid elderly woman and the girl in a bedroom.

Mrs. Mary Black, 40, daughter of Mrs. Gibson, was burned seriously in a futile rescue attempt. She was hospitalized here.

The fire, blamed on an overheated stove, broke out in Mrs. Black's absence. Her daughter, 11, was playing outside and escaped the blaze.

Magdalene, daughter of Mr. and Mrs. Berl H. Moyer, was visiting at the Black home.

Tokyo Rose Wants
Showdown in Court
On Traitor Charge

Tokyo, May 3. (P)—Tokyo Rose—or was she?—said today she wants U. S. courts to decide whether she was a traitor.

Iva Ikuko Toguri D'Aquino said she was Tokyo Rose—but that she may not be the specific Tokyo Rose whose wartime propaganda broadcasts GIs took as a huge joke.

The Los Angeles-born woman—wife of a Portuguese citizen—was arrested after Japan's surrender, but was released for lack of evidence.

The Nashville Tennessee reports the U. S. justice department now contemplates her re-arrest and return to America.

Some months ago, the justice department stated that about six women broadcast for the Japanese and that the GIs had called them all "Tokyo Rose."

British Rush Troops
To Protect Palestine

BY CARTER L. DAVIDSON
Jerusalem, May 3. (P)—Jews insisted today, in the face of denials, that Syrian and Lebanese armies have invaded Northern Palestine.

The British rushed soldiers back into the country to deal with what they called a "seriously deteriorated" situation, less than two weeks before the May 15 date they have set to end their rule.

They guarded a new 48-hour truce between Jews and Arabs in the southern Katamon quarter of Jerusalem while they negotiated for a truce to cover the whole city and its Christian, Jewish and Moslem shrines.

The truce, enforced by the Highland light infantry, apparently was being respected. Its spirit was evident all over Jerusalem.

Not a single shot was heard today from within the city, either in the new or in the old quarters. Sporadic fighting was audible from some outer suburbs.

The first British reinforcements were an estimated 1,000 soldiers

in full battle dress who reached Haifa yesterday from Cyprus aboard the troopship Empire Test.

Before that, competent sources had estimated British strength in Palestine at 25,000 troops, including skeleton armored and gun forces. The British army has been shipping out under a pledge to be gone by Aug. 1.

Official sources in Amman, Trans-Jordan, said Thursday that British troops, including Egyptian and Iraqi would send at least 30,000 regulars to "rescue" Palestine before May 15.

The strength of the Jewish militia Hagannah is estimated unofficially at 53,000 and that the Jewish underground Irgun, Zvai Leumi and Stern group together at 2,500 to 7,000.

Hagannah, which had announced an Arab invasion Saturday of Palestine's northernmost thumb, said in Tel Aviv last night attacks on five Jewish settlements there had been beaten off but Syrian troops still were massing on the border.

The latest announcement said Ramot Naftali had been attacked with tanks, armored cars, 25-pounder cannon and mortars, and Lahavot Habashan, Kefar Szold, Dan and Dafne also had come under assaults, which had subsided.

It reported the Jews suffered one settler killed and two wounded at Dan and unspecified losses at Ramot Naftali. It mentioned no Arab casualties. It said the operation began with shelling at 4 a. m. Saturday. A Hagannah spokesman described the attackers as uniformed Arab regulars without insignia.

**SENATE TESTS
OLEO TAX BILL**

**Fate Of Measure To Be
Known This Week**

BY DONALD SANDERS
Washington, May 3. (P)—A test vote in the Senate this week will tip off the probable fate of the bill to wipe out federal taxes on Oleomargarine.

Senators will be asked to decide whether the House-approved repeal measure should go to the agriculture or the tax-writing finance committee.

Those favoring repeal of the 62-year-old Oleo taxes want the measure to go to the finance committee, where they think they have more friends and can get quicker action.

Those fighting to preserve the advantage which the taxes give to butter producers want it to go to the agriculture committee.

An Oleo supporter, Senator Maybank (D-SC), put it this way: "The bill has an excellent chance to pass the Senate if it goes to the finance committee. If it goes to the agriculture committee, that would be the end of it."

Assignment of bills to a committee ordinarily is a routine matter. But on this issue each side says it will challenge the decision of Senate President Vandenberg (R-Mich).

**Dearborn Fireman
Stabbed Helping
Motorist Fight 4**

Detroit, May 3. (P)—A Dearborn fireman saw a motorist struggling in the street with four assailants last night and went to his aid. He got a knife stab in the side for his troubles.

It all started when a car driven by John Beltonkowski, 40, was sideswiped by another automobile, Police Lt. Paul Nesbit said. Beltonkowski chased the car, according to Nesbit, and forced it to stop.

Beltonkowski told Nesbit the four men in the car attacked him. Then Stephen Sedlak, 30, an off-duty fireman, came along and intervened. Nesbit said Sedlak was stabbed with a pocket knife.

The fireman was in serious condition in Wayne County Hospital today.

Three of the attackers were arrested. The other escaped.

California Woman
Has Been Driving
A Car Since 1897

South Pasadena, Calif., May 3. (P)—Mrs. Jessica P. Merville says she guesses she can claim the record for driving an automobile longer than any other woman.

"If any woman has been driving since 1897, I bow," says the 69-year-old former antique dealer, "but I drove my father's 1898 one-cylinder Winton. He was an inventor of farm machinery and factory equipment. People used to flee the streets when they saw me driving."

Mrs. Merville is driving a 21-year-old Essex but she plans to go east and get a new car.

Envoy Taylor Sent
To Paris By Truman

Paris, May 3. (P)—Myron C. Taylor said today he is "in Paris on a special mission for the president, but I'm working for Mr. Truman and he does the talking."

Taylor, the president's special representative at the Vatican, said he could not discuss a report he was sounding out European governmental leaders on the possibility of outlawing Communist parties.

He arrived here last night from London. He said he was planning to return to Rome in a few days.

BALKY FATHER
OF TWINS SHOTRefuses To Marry Girl;
New Yorker, 51, Slain

New York, May 3. (P)—A blonde 26-year-old divorcee faced a hearing today on a homicide charge in the shooting of a 54-year-old man she named as the father of her twin sons. Police said the man was shot when he changed his mind and refused to marry her.

William De Pruis, 54, was killed with two bullets early yesterday when he said "I think I'm getting a little bit too old to get married," police said.

Elsie Stolze, who said she came here from California Friday with the four-year-old twins in expectation of marrying De Pruis, was held without bail.

Police said the shooting occurred during a family party in his apartment to celebrate the marriage that the mother of the twins had thought was near.

The twins were left with a sister of the divorcee when she was arrested.

The divorcee's hope of marriage came about this way, police said: She and De Pruis met in New York five years ago, they lived together for a short time, and she went to San Francisco before the twins were born. He wrote to her recently that they would be married and that he expected to have an apartment for them.

The woman said she found the pistol in a tourist cabin.

Boy Dodges Train,
Drowns In River
At Grand Rapids

Grand Rapids, (P)—Ten-year-old Walter Hall, dodging a train on a railroad trestle, fell into the Grand River Saturday and drowned.

His 15-year-old brother, Charles, dived into the river in a vain attempt to rescue him.

The brothers and two other newsboys took the trestle "shortcut" home from their delivery routes.

As a Grand Trunk and Western train approached, the boys went to the side of the trestle. Walter slipped off.

Two Midland Fliers
Die In Loop Crash
While Buzzing Home

Midland, (P)—Moments after buzzing the home of a sister Francis Wirt, 23, was killed with Norris D. Crampton, 19, as their plane crashed Saturday.

State police said that Wirt, the pilot, flew the plane low over the home of his sister, Mrs. Daisy McMann, six miles northwest of Edenville in Gladwin county.

The plane, as Mrs. McMann and two children watched, then went into a loop and dived to the ground 100 yards away. Wirt was a Midland taxicab driver and Crampton a construction worker.

Subway Motormen
Walk Out In Paris

Paris, May 3. (P)—Twelve hundred Paris subway motormen struck today in a wage dispute. Other subway employees kept trains running on most lines, but only at a rate of three or four an hour.

The strikers agreed to meet with government officials to discuss the situation. A union spokesman said the strike was called because new job classifications would reduce wages. The ministry of public works and transportation said that was not so.

STORMS WHIP
SEVEN STATES;
LOSSES HEAVYOVER 100 INJURED
AS TWISTERS RIP
RURAL AREAS

(By The Associated Press)

Tornadoes and violent windstorms whipped across seven states over the weekend, killing at least 20 persons and injuring more than 100.

Property damage was estimated in the millions.

West Virginia and Kentucky communities were lashed by tornadoes last night. Twisters hit in Missouri, Oklahoma and Kansas Saturday. High winds and heavy rains occurred in Indiana and Illinois.

The death toll by states: Kentucky—four; Oklahoma—five; Missouri—three; Kansas—two; Illinois—one.

In West Virginia, tornado winds ripped through six rural communities near Clarksburg in the northern part of the state. State police reported more than 65 persons were injured.

West Milford, Lost Creek, Wolf Summit, Mount Clare and Quiet Dell were the communities hardest hit. Highways were blocked and communication lines were down, hampering rescue operations.

In Kentucky a tornado hit Alpha, a town of 140 in Clinton county. The storm wrecked the Davis Chapel church where an estimated 125 were attending services. At least 15 persons were reported injured in the county. Many of the injured were in the church.

Deputy policeman Wiley Gregory said that quite a few houses were destroyed. Alpha is midway between Albany and Monticello near the Kentucky-Tennessee border.

Hospitals Jammed

Rescue workers sought additional victims in the debris and mud of the tornado-battered West Virginia communities. Wrecked automobiles, trees and debris from nearby strip-mining operations cluttered U. S. route 19 leading to the damaged town of Hupp Hill, W. Va.

The twister hit in West Virginia about 9 p. m. (EST).

Hospitals were jammed. All available doctors and nurses in the stricken areas were called on duty.

Clarksburg Fire Chief J. J. Martin reported broken gas lines ignited in Mount Clare, adding to the havoc. Lawrence McKinney, a storm victim, said he saw at least three homes ablaze.

Ten persons were killed and at least 38 were injured in the tornadoes in Oklahoma, Missouri and Kansas.

A storm struck in the Grand Lake area of northeastern Oklahoma, hitting the resort towns of Bernice, Whiteoak and Grove. Five persons were killed at Bernice. Thirty-one persons were injured in the Grand Lake area.

Sixty miles north of the Grand Lake area, twisters hit near Eria, Kas., killing two persons and injuring five.

Fishing Party Drowns

Tornado winds whipped across the Lake of the Ozarks in Missouri, damaging hundreds of cottages and houses. Three members of a fishing party drowned when their boat overturned.

Three separate tornadoes were reported in Kansas, the first being observed about 7:30 p. m. (EST) Saturday. Numerous farm buildings were destroyed or damaged.

Three hours later twisters hit in Oklahoma. The highway patrol reported at least \$250,000 damage was done in Whiteoak, Bernice and Kansas.

SCOOTER RIDER DIES IN CRASH

William Derouin, 16, Of
Menominee, Victim

William Derouin, 16, son of Mr. and Mrs. William Derouin, West Tarry avenue, Menominee, was killed Sunday morning when a motor scooter that he was driving crashed into a truck driven by Ernest Dart, 321 S. Ninth street, at the intersection of Ludington street and Seventh street. The accident occurred at 9:40 a. m.

Two other youths, Donald Lasnoski, 420 South 15th street, and Roger Barth, 3217 Frederick street, Menominee, who were riding on the motor scooter with Derouin, escaped serious injury, although Barth sustained a fracture of the left forearm.

Dart, driving an ice truck owned by the S. M. Johnson company, had stopped at the north intersection, travelling from North Seventh street. The truck had been driven part way into the intersection with the tail gate in the center of the crosswalk.

The motor scooter with the three boys as passengers was travelling west on Ludington street. The scooter turned north towards North Seventh street, crashing into the rear of the ice truck.

Derouin and Barth were taken to St. Francis hospital and Derouin died of chest injuries shortly after his arrival in the hospital. Barth's injuries were not serious and he was released from the hospital following an examination by Dr. N. L. Lindquist.

Dart was given a ticket for operating a commercial vehicle without a chauffeur's license.

Derouin was the front passenger on the motor scooter, with Lasnoski in the center and Barth in the rear.

The two Menominee boys were visiting in Escanaba.

Greyhound Movie Shown to Clubs

Norman Hansen, traffic manager of the Greyhound Lines, showed a color movie of interesting sights in America at the meeting of the Kiwanis club at the Sherman hotel this noon.

Mr. Hansen gave a brief history of the Greyhound company, which was started in Hibbing, Minn., about twenty-five years ago by Alec Wickman and his associates. The Greyhound company now operates all over the country. The Northern Greyhound company, an affiliate, employs 18 persons, who reside in Escanaba.

Mackinac Island was shown in the travel movie. The picture also will be shown at the Lions club meeting tonight.

Open Forum Discussion To Be Held After UMT Address Here Tuesday

Residents of Escanaba and vicinity planning to hear Chaplain Maury H. Hundley, of Fort Knox, Ky., speaker on the universal military training experiment in the William Bonifas auditorium tomorrow evening are asked to come prepared to ask a few questions on the controversial subject.

An open forum discussion will be held after the chaplain's address, during which anyone in the audience will have the opportunity of speaking on any particular point on UMT, regardless of whether they are for or against it, and they also may ask questions.

The meeting will start at 8 o'clock, with I. C. Peterson, chairman of the UMT sub-committee of the Escanaba American Legion national security committee, in charge. The musical program will start at 7:30 Chaplain Hundley's appearance here is sponsored by the letter committee.

It is the hope of this committee that the chaplain's address and question-and-answer period to follow will clear up much misunderstanding about UMT.

Chaplain Hundley, a major in the chaplains' corps, will come here directly from Fort Knox, where he has been on duty since November, 1946.

"We are fortunate to be able to hear Chaplain Hundley," Peterson said today. "Few communities of this size in the United States have had the opportunity of hearing a first-hand report about the UMT experiment at Fort Knox."

"Chaplain Hundley is coming here to report on that experiment on the basis of his experience on the faculty at Fort Knox, and he will not attempt to influence anyone on UMT."

Members of the community national security committee will attend a dinner at the Delta hotel at 6 tomorrow evening with Chaplain Hundley.

The Escanaba high school band under the direction of Albert Shomento will open the musical program at the auditorium at 7:30. The remainder of the program follows:

Opening remarks, I. C. Peterson, chairman of UMT committee. Invocation by Rev. Fr. Alphonse Wildering of St. Joseph's church.

Introduction of Escanaba national security committee members and explanation of objectives of the committee by Tom Beaton Jr.

Introduction of Chaplain Hundley by Peterson.

Hughes Sinks Millions Into Movie Studio

Hollywood, May 3 (AP)—Howard Hughes, who does things in the grand manner, has readied another eight or nine million dollars to sink into a new venture.

The shy, reserved 43-year-old bachelor who developed an oil tool business into a vast fortune, branched into movie production, got out of it and into the airplane business, has taken an option to purchase control of RKO studios.

Not content with bossing one of the world's biggest commercial airlines and building and flying experimental planes, Hughes last night announced that he had reached a tentative agreement with Floyd Odlum for the purchase of the latter's 928,000 shares of RKO stock.

Censors Rap Outlaw
Hughes said recently he was convinced an independent producer could not compete on favorable footing with the majors. His deal with Odlum has been cooking for some time, in fact, had almost turned cold before last night's statement.

Hughes produced the daring "Hell's Angels" when talkies were still in the experimental stage. He discovered the platinum blonde Jean Harlow, who became terrific boxoffice. He discovered and starred the bosomy Jane Russell in "The Outlaw."

This one ran afoul of censorship in various states; still hasn't been shown in some of them. Whether it made money is problematical. It was one of the most controversial films of recent years.

Controversial also was Hughes' building of the world's largest airplane, the \$25,000,000 wooden flying boat which the government financed to the extent of \$18,000,000. The boat is still lashed to a dock in Los Angeles harbor.

Picture Wins Oscar
Hughes was at the controls when it made a short test run over the water. It is scheduled to make its maiden flight this summer. Hughes says he's convinced

KOREA TO GET PUPPET REGIME

Communists Expected To
Set Up Stoges

By ROY ROBERTS
Soul, May 3 (AP)—Lt. Gen. John R. Hodge declared today a Communist government for all Korea will no doubt be announced soon by "North Korean stooges of Soviet masters."

The U. S. army commander in South Korea in a press statement predicted the announcement will be accompanied by a propaganda statement that it has the approval of all Koreans. Russia occupies North Korea.

Army intelligence reported South Korea observed the May Day weekend quietly. Cheju Island, off the southern mainland, reported no developments since a three-hour guerrilla attack on the village of Orari in which six Koreans were killed Saturday. They blamed the violence on Communists seeking to disrupt the May 10 elections in the American zone to set up a Korean government.

The U. S. commander declared that the "propaganda song and dance" by the Soviets and "Korean stooges" that the U. S. wants Korea as a colony and for military bases "is the most fantastic lie of all."

Council Will Hold Special Session

A special meeting of the Escanaba city council will be held this afternoon at 4:30 o'clock at the city hall for the purpose of studying proposed water rates for the next fiscal year.

Determination of water rates is essential before the preparation of the budget for the next fiscal year can be completed.

Authority to purchase parts for a new coal conveyor at the steam plant also will be requested by the city manager at this meeting.

It's a good ship and that it would be of great advantage in case of war. Hughes devoted five years to the building of the "Spruce Goose."

Production head of RKO is Dore Schary, who has developed it into one of the front ranking studios. It was his regime that turned out "The Farmer's Daughter," in which Loretta Young won an Oscar this year.

That Hughes will give the other majors plenty of competition is a foregone conclusion. He has been close to the movie scene all along.

He has dated many of the top ranking stars from time to time. The beautiful Billie Dove, Katharine Hepburn and Ginger Rogers were among his heart interests, but in later years Lana Turner and the dancing Yvonne De Carlo occupied much of his attention.

Hughes was married only once, to the former Ella Rice of Houston. They were divorced four years later, in 1929.

Rapid River Co-op Officers Elected

Harold F. Gustafson, of Ensign was reelected president of the Rapid River Co-op Creamery association at the organization meeting of the board of directors Friday evening.

Other officers named were: Harry Buckman, Rapid River, vice president; Hugo Brannstrom, Masonville, secretary. Other members of the board are James Lundberg and Carl Johnson of Ensign, and Henry Landis of Isabella.

Landis was elected to the board at the April 17 meeting. He replaced Gust Berg of Rapid River. Routine business was transacted. The board authorized the ordering of new covered truck bodies.

REBELS RULING IN COSTA RICA

Provisional Government
Set Up For 18 Months

San Jose, Costa Rica, May 3 (AP)—Political sources say revolutionary leaders will govern Costa Rica for at least 18 months under an agreement reached between Jose Figueres, leader of the successful revolt, and Otilio Ulate Blanco, president-elect.

Santos Leon Herrera will continue as acting president until the work of the revolutionary committee is completed. The agreement specified that if the committee has not finished within 18 months it may continue in office another six months. The committee's task includes restoration of the country to normal and preparation of a new constitution.

Herrera ruled yesterday that the Nation's Congress has ceased to exist, since it failed to convene Saturday to hear his message. Herrera said all of the government's powers would be taken over by members of his cabinet.

The revolutionary leaders recognized the election of Ulate and he is slated to assume office when the committee's work is finished.

Ulate was elected to a four-year term in February, but Congress annulled the election. The action precipitated the revolution.

Briefly Told

Apply For License — Applications for marriage licenses have been made at the office of the Delta county clerk by Donald Francis Miller and Ellen Marie Flath of Milwaukee; Victor V. Sherman of Detroit and Alice L. Dehlin of Gladstone.

Court Resumes—Circuit court for Delta county resumed today in the court house at Escanaba with Judge Glenn W. Jackson of Gladstone presiding. Several civil and chancery cases are scheduled for hearing by the court. All jury cases have been disposed of for this term.

K. of C. Meeting—The Knights of Columbus will meet at 8 p. m. Tuesday in K. of C. hall. Refreshments will be served after the meeting.

Mental Hygiene Clinic—Dr. E. M. Purmort of the Newberry state hospital staff will conduct a mental hygiene clinic at the Delta county health building, Webster Annex, in Escanaba from 1:30 to 4:30 p. m. Thursday, May 6. Parents who plan to take children to the clinic are requested to notify the health office.

Enlists In Navy—Duane Richard Hamelin, son of Mr. and Mrs. Leo Hamelin, 215 South 18th street, Escanaba, has enlisted in the U. S. Navy for three years. He is receiving training at present at Great Lakes, Ill.

E&LS Authorized To Quit Railroad Trains 3 and 4

The Escanaba and Lake Superior railroad has been granted authority by the Michigan public service commission to discontinue trains No. 3 and 4, Escanaba to Ralph and return, effective today.

The public service commission had previously authorized the railroad to discontinue the railmobile service to Ralph under conditions not acceptable to the company. A further hearing on the application was conducted in Escanaba April 20, following which the order was modified.

The railroad company was granted authority to discontinue the railmobile service to Ralph provided it provides by October 1 a suitable coach for passengers in Trains 1 and 2 to Ralph and also continues to operate Trains 1 and 2 at least five days a week.

Probate Court Has 193 Estate Cases During Past Year

Probate court for Delta county last year handled a total of 193 estate matters, of which 165 were the probate of estates following deaths, and 28 were estates of minors and incompetents, according to figures released today by Probate Judge William J. Miller.

Other matters disposed of in the office of the probate judge was the commitment of one person suffering with tuberculosis; the commitment of 4 insane and feeble minded persons; and the issuance of adoption papers for 22 children. There was one acknowledgment of paternity case.

There were 22 juvenile court cases to come officially before Judge Miller, and he acted unofficially in 54 others.

The probate court issued 87 delayed registrations of birth; allowed marriage license waivers in 109 cases, and issued six secret marriage licenses.

During the past year the court made a total of 145 hospital commitments of afflicted and crippled children.

ORGANIZE DAV ASSOCIATION

Iron River Man To Head U. P. Disabled Vets

Organization of an Upper Peninsula Association of Disabled American Veterans was completed at a meeting of U. P. chapter and Auxiliary members held in Escanaba Saturday afternoon and evening, and Earl Lackerman of Iron River was elected commander of the new association.

Other officers are Ed Soultis of Menominee, vice commander, and Delore LeBlanc of Escanaba, treasurer.

The Upper Peninsula rally of all D. A. V. chapters and Auxiliary was held in the Legion club rooms, with about 125 persons in attendance. The meeting was called to order by William Garbett, commander of Escanaba Chapter No. 24.

Lionel Sleeman, second vice commander of the Michigan D. A. V., spoke on the purpose of the organization and its assistance to the disabled veteran and his dependents. Service Officer John J. Stukel described the need for service officers in each chapter.

Several resolutions were adopted, and will be presented to the D. A. V. state convention to be held at Alpena in June.

Following the afternoon business session, and the evening program, the members enjoyed a dancing party at which lunch was served.

Townships To Aid Law Enforcement

Menominee—Representatives of Menominee county's 14 townships, meeting recently in Daggett, approved a proposal to pool a portion of their liquor license refund monies to hire an additional deputy sheriff whose principal duties will be enforcement of the state liquor laws.

Including allowance for use of his personal car and oil and gas, the cost of the extra deputy is estimated at about \$4,000 a year.

Each municipality, township and village in the state receives refunds of 85 per cent of the license fees paid by liquor and beer vendors within their district. These refunds are supposed to be used for liquor law enforcement, but few of the political units use the money for that purpose.

The Michigan liquor control commission has served notice on all of the units that unless the money is used for liquor law enforcement, the refunds will be withdrawn.

Miss Mary Atkins, Former Escanaba Teacher, Is Dead

Miss Mary E. Atkins, 86, of Oconto, Wis., member of an early day Escanaba family and a teacher in the public schools here for many years, died Sunday at her home. She had been in failing health for some time.

Miss Atkins was born in Wau-pun, Wis., February 5, 1862. She taught school here from 1888 to 1926.

She is survived by one brother, Ellsworth Atkins, of Oconto.

Funeral services will be held Tuesday afternoon at 2 o'clock at the MacQueen funeral home, Rev. Krien of the Presbyterian church officiating, and burial will be made in Evergreen cemetery, at Oconto.

ALIENS SNEAK INTO AMERICA

Many Enter Unlawfully, Says Potter

Washington, D. C. (WNS) — From 1930 to 1948, a total of 1,362,000 persons entered the United States unlawfully, Eleventh District Rep. Charles E. Potter said.

Census figures for 1930 showed our population at 122,775,046. Rep. Potter said the census figures show: Population was estimated by the Bureau of the Census at 145,340,000 January 1, 1948—an increase of 22,566,954 and the excess of births over deaths during this 18-year period is calculated from Census Bureau and Public Health Service reports at 19,936,516 he said. During this 18-year period, 1,009,457 persons entered the country, and that figure is the net excess of entrances over departures for the period in question, he said, except the years 1931 to 1936 inclusive when 241,079 more people left than entered. This sets the population gain by lawful immigration at 756,378 which added to the excess of births over deaths brings our total population increase to 20,704,894—1,862,060 less than the total increases estimated by the Census Bureau, Rep. Potter said.

"See what that means?" he asked. "1,862,060 persons entered our country unlawfully from 1930 to January 1948. How many more have entered unlawfully, no one knows—we can only take the census estimate as evidence."

Rep. Potter said his office has had close contact with the Immigration Service and Department of State in an endeavor to obtain entry for deserving immigrants—relatives of, and who would be sponsored by, law-abiding, honest citizens of the Eleventh Michigan District. He said he had met with little success because of immigration regulations, but said exceptions were made in the cases of Madame

PERCH FISHING IN HIGH FAVOR

Runs Reported Good In Several Delta Areas

The annual spring perch run is under way in several harbors bordering Big and Little Bay de Noc and hundreds of anglers are enjoying a sport that fills in an otherwise dull season in bay fishing.

Good perch runs are reported at Van's Harbor near Garden, at Nahma, Rapid River, and recently at Escanaba.

Perch fishing reached its peak over the weekend with hundreds of anglers gathering on docks and in boats at the fishing grounds. All sorts of fishing gear was in evidence, ranging from the old cane pole and a gob of worms, to fancy fly rods and minnows on snelled hooks.

Most of the perch were of the "jumbo" size, some weighing up to one and one-half pounds. There were also little ones, and that in-between group that are big enough to keep and too small to brag about.

The perch were hitting on any and all kinds of bait, with worms and minnows running neck and neck for first place in popularity. More fancy baits, including fly-rod-size flatfish, spinners and other artificial aids were also getting a play.

Boats were at a premium and many fishermen, following a growing custom, brought their boats with them, either attached to the tops of their cars, or on trailers. Outboard motors were of little use, however, because the best fishing grounds are only a few rods off-shore.

At Escanaba Sunday several dozen fishermen ranged along the old Merchant's dock, and others fished from boats anchored north of the dock. The perch run usually lasts a couple weeks.

Mrs. Catherine Sloan, Resident Of Trenary Many Years, Is Dead

Munising — Mrs. Catherine Sloan, 79, a resident of Trenary for many years, died Sunday at Newberry State hospital. She had been ill for the past three years.

Mrs. Sloan was born in Ohio state, October 14, 1868, and had lived in Trenary for 35 years. She was a member of the Methodist church of Trenary.

Surviving are three sons, Marion of Gladstone; Claude of Munising and Robert, St. Ignace, six grandchildren, and several nieces and nephews.

The body was taken to the Beaulieu funeral home. Arrangements for the services are incomplete.

Curle and Hans Eisler, the latter one of the leaders in the Communist movement, since deported.

Officers Elected At Luther League Convention Here

Clarence Nelson, of Wallace, was elected president of the North Green Bay district Luther League at its convention held in Bethany Lutheran church here Saturday and Sunday. Over 100 out-of-town persons attended the convention and over 150 were served at a banquet Sunday, by the mothers of Luther League members.

Other officers elected were: Margaret Hult, of Gladstone, vice-president; Naomi Peterson, of Underhill, Wis., secretary; Marilyn Nelson, of Gladstone, treasurer; Betty Westberg, of Escanaba, statistician; Marilyn Anderson, of Escanaba, Pocket Testament League secretary; Barbara Kassel and Patsy Buzzell, of Escanaba, Superior Lights reporters; and Laverne Mathison, Joyce Lindahl and Rev. Clifford Peterson, of Gladstone, auditors.

Fine weather favored an outdoor picnic Saturday night, following registration at the church earlier. Saturday evening a fellowship program was held, highlighted by a discussion of the church and youth by Mr. and Mrs. Wallace Watt of Escanaba.

Rev. Frank E. Peterson, of Mountain, Wis., preached the sermon for the Sunday morning services. In the afternoon a banquet for Pocket Testament League members was held in the church parlors. Milton Bloomquist of Sault Ste. Marie spoke on "Iron Shoes," for the banquet, illustrating his discussion with examples of handicaps faced by many.

A rally was held Sunday after the banquet with Rev. Harry Lindblad of Menominee as principal speaker. A fellowship hour and lunch followed the convention closing.

Heavy attendance is assured for the election session, aerie officials said today.

LARGE VENEER MILL PLANNED

Roddiss Firm Expands At Sault, Ont.

Sault Ste. Marie, Ont.—A proposed new lumber and veneer industry in Sault Ste. Marie, capable of employing over 1,000 people, will be constructed immediately on approximately 65 acres of land, just off People's Road north of the A.C.R. tracks in the Township of Korah, and operations are expected to start late this fall under jurisdiction of the Roddiss Lumber and Veneer Company of Canada Limited, it was revealed today by Louis Korth, vice-president of the lumbering concern. The Canadian company is an addition of the Roddiss Lumber and Veneer Company, Marshfield, Wisconsin.

The plant, upon completion, will manufacture lumber materials year-round, operated by two shifts per day, and a proposed saw mill is expected to have a capacity to cut between 80,000 and 90,000 of hard lumber per day. The industry will be generated by a private power plant, two boilers at 500 H.P. each, and a steam engine at 1,500 H.P.

The overall project will be an investment of approximately three-quarter million dollars, said Mr. Korth, and agreements have been reached with the Ontario Provincial Government regarding timber rights. The company now owns approximately 50,000 acres of virgin timber lands located in various areas north of the Sault.

One main railroad line is to be laid on company grounds, operated by the Algoma Central and Hudson Bay Railway, plus four rail sections which will serve plant departments.

All types of departments from a planning mill to machine shops will be in order to comply with company purposes. Over a period of three years the lumber and veneer industry is to construct veneer cutting plants, stated the vice-president.

Planning mills will finish and prepare lumber for wholesale and retail trade. "We will try and do as much foreign trade and export as possible," said Mr. Korth.

The Roddiss Lumber and Veneer Company of Marshfield, Wis., has been in business since 1890, or 57 years, with warehouses in major cities throughout the U. S. A. At Marshfield, the company employs 1,200 men, one of the large lumber and veneer plants in America. Other Roddiss company plants are located in Wisconsin and Michigan.

The state of Nevada ranks sixth in size with an area of 110,690 square miles.

Non-Communist World Holds War Advantage, Rep. Mundt Points Out

Washington, (P)—Rep. Mundt (R-SD) said Wednesday the non-Communist world holds from 70 to 92 per cent of the "vital elements" required to wage a victorious war.

Mundt, a member of the House Foreign Affairs committee, said this preponderance of economic power on the side of free nations should be a strong factor for permanent peace. He added in a statement:

"No war-mad country and no power-hungry aggressor will initiate a war against such odds as the Communists would confront if the peace-loving areas of the world harness their resources together under an effective formula for international action."

That formula, he said, should be a revision of the United Nations Charter.

Mundt is one of the sponsors of a pending resolution to put Congress on record in favor of a U. N. charter overhaul to curtail sharply the big power veto.

This and other moves in Congress aimed at getting around Russia's tactics in the United Nations came under discussion at a top level but hush-hush foreign policy review.

Secretary of State Marshall, who up to now at least has sought to stiff-arm any charter revision efforts, met with chairman Vandenberg (R-Mich) of the Senate Foreign Relations committee, who has favored a middleground course. Others at the session were U. N. delegate John Foster Dulles and Undersecretary of State Lovett.

Dulles is said to share Vandenberg's view that the veto should be abolished in matters dealing with peaceful procedures but retained when the use of force is involved.

As part of Mundt's preparation for a battle in behalf of his sweeping revision proposal, the South Dakota lawmaker studied

nine basic resources in Russia and her 11 satellites and in 45 non-Communist countries.

He listed these percentages favoring the free nations:

Crude oil output—92.6; proved oil resources—90.68; smelter output of copper—91.5; population—87.5; coal production—84.8; pig iron production—82.5; iron ore output—82; steel ingot production—80.7 and wheat output—70.9.

Mundt added: "We have the atomic bomb, we have the advantage in transportation systems, we have virtually the total surface navy of the world. We have the power to preserve the peace because we have the unquestioned power to destroy Communism by force of arms if need be."

"All we need is the courage, energy and ability to organize this vast power now—while it is supreme."

Birdhouse Building Contest Postponed

Munising—The "day of judgment" for Alger county's birdhouse builders has been postponed. Jeff Bodette, president of the Munising Conservation club, sponsor of the contest, has announced that the competition will end Wednesday, May 26, instead of May 5.

The postponement was necessary because of a conflict in dates.

MUNISING BRIEFS

E. O. Erickson, cashier of the First National bank, has returned from Minneapolis where he attended a school in central banking which was sponsored by the Federal Reserve System.

The Rotary club will have a regular meeting Tuesday noon in the parlors of the Presbyterian church.

The ninth anniversary meeting of the Munising council, Knights of Columbus, will be held Monday night in the K. of C. hall. There will be a program and refreshments.

Practical Nursing Course Is Planned

Munising—Alger county women who are interested in taking a course in practical nursing may make application now through H. A. Wood superintendent of Munising township schools, for the class which will start this month.

Applicants must be between the ages of 18 and 50. The course is being given in Marquette, and includes theory and practical work.

FROM THE PATTERN OF DEMOCRACY

The strength of democracy lies in the voluntary group action it sets in motion to solve social and community problems. Let a need arise and democratic principles voluntarily applied are sure to find a superior answer. This is again emphasized by an all 'round cooperative action which solved a real challenge to the people of Michigan:

THE COST OF HOSPITAL AND SURGICAL CARE

Hospital costs are usually unexpected. In many instances the average man's budget does not provide for this additional emergency expense and meeting these bills is often beyond his ability to pay. It means, at the least, a serious drain on the family resources and perhaps even creates burden of debt from which the family may never recover. To correct this condition here in Michigan—Michigan's hospitals and Michigan's medical profession set in motion the principles of voluntary democratic action—they organized Blue Cross.

BLUE CROSS—A NON-PROFIT PUBLIC SERVICE

Blue Cross is a non-profit plan of cooperation between doctors of medicine, hospitals, and the public to make good hospital and medical-surgical care available to everyone without financial strain upon anyone. A small monthly sum paid by members of the plan assures them of the care they need when they need it without worry about the expense.

This action on the part of Michigan hospitals and Michigan's medical profession was met with equal cooperation by the public. Today over 1,200,000 people of Michigan have solved the problem of paying for hospital and surgical care by adopting Blue Cross. It is efficient—it is fully protective and economical. It answers the need—fulfills every protective purpose.

A non-profit pre-payment program for hospital-surgical care offered by Michigan's non-profit hospitals and the Michigan State Medical Society. A public service, it adheres strictly to American principles and practices and to the fundamentals of non-profit operation.

What Causes Bird's Eye In Bird's Eye Maples?

Old-time lumberpacks attributed most every strange phenomenon of the American forests to Paul Bunyan, and so it is not surprising that they traced the presence of bird's eye figures in hard maple to the time when the mythical giant woodsman grabbed a handful of sand and threw it all over the Great Lakes region. The grains of sand, they would relate, imbedded themselves into the trees, creating the beautiful markings that have made bird's eye maple much in demand for furniture, radio cabinets, panels and articles of wood.

For some strange reason, the largest concentration of bird's eye maple timber has been in the Upper Peninsula of Michigan, although smaller amounts are to be found in the forests of northern Wisconsin, New England and eastern Canada. At Escanaba, the Bird's Eye Veneer company was preeminent in the field for years, producing about 95 per cent of the world's output of this figured wood.

Japs Were Interested

Modern woodsmen do not wholly subscribe to the Paul Bunyan version, however, but they do not agree among themselves. The question, "What causes the bird's eye in bird's eye maple?" has provoked many arguments. Some will insist that the circular figures are caused by the peckings of woodpeckers. Others ascribe it to insects, dormant buds, and wind-blown sand. There are all sorts of theories.

Even the Japanese once were interested in bird's eye maple. The late Thomas M. Judson, founder of the Escanaba Veneer company, which also handled a certain amount of bird's eye annually, was riding on a train in British Columbia about twenty years ago when he struck up an acquaintance with two well-dressed Japanese business men.

By coincidence, or was it? they said they were interested in the possibilities of growing bird's eye maple in Japan, and inquired whether he knew anything about the wood. Quite surprised, Judson told them it happened he was in the business, and proceeded to tell them much about the figured wood.

The bird's eye puzzle is an intriguing one. Wood technologists in the United States and Canada have conducted much research, but their conclusions have failed to satisfy all who have been seeking an answer to the question.

In 1940, a Detroit chemical engineer, who would not permit his identity to be disclosed, donated \$1,000 to the department of forestry of Michigan State college merely to satisfy his curiosity. Alex Marra, graduate student at Syracuse university, was commissioned to make the study under the supervision of Dr. Alex Panshin, wood technologist of the Michigan school.

Marra studied the maple stands at the Duke experimental forest in Upper Michigan and also inspected veneer at the Birds Eye Veneer company's plant in Escanaba. But before the work was completed, Marra entered United States army service as an aircraft inspector, and Dr. Panshin joined

an aircraft manufacturing company.

Foster Barry, who was taking graduate work at Michigan State College at the time, then took up the investigation, but was forced to drop it because of wartime conditions. It is reported that his study discounted the theory, once advanced by German scientists, that the bird's eye was the result of dormant or adventitious buds in the tree. His findings were that the dimple, or bird's eye, was the result of an indentation toward the center of the tree, rather than a bump toward the exterior, such as would be developed from adventitious buds. But just what causes it had not been determined, and Michigan State College says the research work will be resumed someday.

World Book encyclopedia says that the round spots, resembling the eyes of a bird, result from an irregularity in growth. "When the bark of the maple is injured," says World Book, "the trunk usually starts to sprout, and a multitude of little twigs appear that have just about enough vitality to give the wood its characteristic appearance under the skilled hand of the finisher."

Not The Woodpeckers
The Forest Products Laboratory of Madison, Wis., made a study of the subject over a period of years. M. Y. Pillow, assistant wood technologist of the laboratory, has finally come to the conclusion that the bird's eyes are not due to dormant buds, but he admits he does not have the last word on the cause.

He discounts the theory that woodpeckers or sapsuckers wounded the trees and the bird's eyes resulted. Wounds in the growing parts of a tree usually heal over and disappear as the tree grows, whereas the bird's eyes apparently begin as minute dimples, continue in a radial direction and even increase in size toward the outside of the tree.

If the bird's eyes were caused by adventitious buds, Pillow explains, they would project outwardly and contain a small dark core, the pith, which observations on many trees of both small and large sizes failed to disclose.

Other investigators advance the hypothesis that the figure is an inheritable characteristic. On the other hand, recent observations have indicated that the bird's eye figure sometimes occur in trees that have been crowded or for some other reason suppressed in their rate of growth.

According to Mr. Pillow, the bird's eye figure is most frequently found in the hard or sugar maple, although it also occurs in soft maple, yellow and white birch, ash and some other hardwoods. While it is common to find the bird's eye scattered over the entire length of a tree trunk and even up into the large branches, the figures, however, may be confined to just one side of the tree. In other cases, the bird's eyes have been found in irregular shaped patches scattered over a

tree trunk with barren, or so-called blind spots in between the patches.

The grain of the wood within a bird's eye is distorted in the form of a conical indentation extending toward the pith of the tree, he adds. When such grain is cut across, as in rotary cut veneer, the distorted grain roughly gives the appearance of a bird's eye.

Bird's eyes may be found in trees as small as three inches in diameter, and even in trees about one inch in diameter, minute dimples have been observed on the trunks which probably are the beginnings of the bird's eyes, especially since the bird's eyes increase in size with age. In large trees these spots may vary in size from some as small as the head of a common pin to others that are a quarter of an inch or more in diameter.

The Forest Products Laboratory and the Lake States Forest Experiment Station at St. Paul have conducted experiments to determine whether bird's eyes can be reproduced. These consist of grafting methods and of planting seeds from highly figured trees. Insufficient time has elapsed to obtain conclusive evidence, however.

L. A. Holmberg, junior forester of the Lake State Experiment Station, in a report written several years ago, raises the question of growth suppression as a possible cause of bird's eye in sugar maples. After a statistical analysis of the rate of growth and the presence of bird's eye figures in maple, Holmberg came to the conclusion that the bird's eyes are more prevalent in suppressed trees of virgin growth stands which have grown slowly during the first century of their life. The forester estimates that it will require 60 years longer to grow a bird's eye tree of 18 inches in diameter than it will to grow the average normal 18 inch tree in a virgin stand.

Canadians Make Study
Canadian scientists also have tried to satisfy their curiosity, and have developed the fungus theory which, incidentally, is not accepted by the American wood technologists.

T. A. McElhanney, superintendent, Forest Products Laboratories, Ottawa, says: "The formation of bird's eye appears to be due to the presence of a fungus in the cambium of living trees. (Cambium is the thin layer of live tissue between the wood and bark of trees which generates the wood from its inner surface and the bark from its outer side.) It would appear that the bird's eye fungus lives in the cambium (which is rich in food materials and therefore a natural haven for such fungi) without greatly affecting the ordinary life of the tree."

According to McElhanney, the origin of a series of bird's eyes seems due to the fact that when the fungus has become established in the cambium it develops locally at the expense of this growing tissue. Thus while it does not deplete the cambium so far as to kill the tree, it does absorb so much of the food material at local spots that growth of wood is prevented at these spots. The result is that wood is formed normally except at these depleted spots which, if the bark is peeled

off, cause the surface of the tree to be covered with conical pits or depressions where the local activity of the fungus has prevented the formation of wood. The growing tissue typically recovers the following year and subsequently so that layers of wood are formed over the depression. The subsequent wood, however, conforms to the pre-existing depression with the result that a radial series of these conical pits is formed. When the wood is surfaced at right angles to the direction of these radial series of dimples so that they appear as "eyes" it shows the typical ornamental bird's eye figure.

The Canadian Forest Products Laboratories plan to continue the studies. They hope to isolate from the bird's eye trees the fungus causing this character, and then to inoculate normal trees with cultures of the fungus. No one has succeeded yet in producing bird's eye by inoculation, and the Canadian scientists are determined to prove their theory someday.

Railroad Strike Would Tie Up Entire Country

By James Marlow
Washington, (P)—Two big railroad unions—the switchmen, and the firemen and engineers—threaten to strike May 11.
A third big union, the engineers may strike then, too. All three have been fighting for a pay raise. Such a strike would tie up the country.
Isn't there a law to stop it? No. How come? Wasn't the Taft-Hartley law, passed last summer, supposed to stop a big strike like that?
Wasn't that Taft-Hartley law used a couple of weeks ago to stop John L. Lewis' big coal strike? Why can't it be used in this case? In the first place, there's no law that says a strike must be stopped permanently. At best a strike can only be delayed a while.
But—the Taft-Hartley law does not apply to railroad unions. The law itself says so.

Sinfonietta Was
Developed From
Music Socials

Since December, 1940, when the Farbanan Sinfonietta made its sensational debut in New York's Town Hall, the ensemble has become a top-ranking attraction of the nation's concert stage. The group, which will be heard in this city on May 6 at the W. W. Oliver auditorium, comprises 20 highly-skilled young musicians, many of whom have distinguished themselves in their own Town Hall and Carnegie Hall recitals and who now form the complement of one of the freshest and most vital string ensembles appearing on the concert stage today.

It was during what Harry Farbanan calls his "Wallenstein Period," when he was violin soloist and guest conductor on Alfred Wallenstein's famed radio hour at Station WOR, that Farbanan formed the small orchestral group that was later to skyrocket to fame as the Farbanan Sinfonietta. "The Sinfonietta," says its conductor, "started out as a sort of musical-social club, an informal and spontaneous group of string players who met at my New York apartment for the sheer fun of making music. The size of the group was largely determined by the size of my studio; the group grew so fast that finally the room could hold no more, we called a halt to further expansion, and settled down to rehearsing for months, giving private musicales from time to time."

Originally limited to stringed instruments alone, the Sinfonietta now comprises 11 strings, four wind instruments, 3 brass and one percussion—plus renowned piano soloist Edith Schiller who is in private life Mrs. Farbanan. Members are distinguished concert artists and musicians drawn from the nation's leading symphony orchestras.

DAV Auxiliary
Meeting Held
Here Saturday

Thirty-eight delegates representing six D. A. V. Upper Peninsula auxiliaries, met at Grenier's hall here Saturday afternoon and evening, the gathering in conjunction with the D. A. V. district meeting.

The groups represented were Menominee, Iron Mountain, Copper Country, Marquette, L'Anse and Escanaba.

Carrie Bridges, of Iron Mountain, department junior vice commander, was in charge of the meeting and Frances Gibson, of Menominee, department activities chairman, also attended.

The Auxiliary voted approval of forming an Upper Peninsula organization, and will cooperate with the Chapter when details are completed.

At the close of the meeting Auxiliary members joined the Chapter at the Legion club rooms for dancing and a social during which lunch was served by the Escanaba Auxiliary.

PARK TO OPENConcessions Available
After May 16

Opening of concessions at Indian Lake State Park, which usually signifies the semi-official opening of that place for the season, has been set for Sunday, May 16, Louis G. England, park manager, announces.

Mrs. George Juranek, Jr., wife of a park employee, will operate the concessions. Boats will be available for rent at reasonable prices, there will also be ice cream, pop, candies, camper's necessities and a light line of souvenirs on sale.

The picnic, playground and facilities at the public shelter building at the park are now open to the public. The necessary things have been provided, with some improvements yet to be made before the busy season begins.

At present the lights at the public shelter building will be turned on by request.

The 10 o'clock night closing time, has been dispensed with and the park will be open at all times. Late users are requested not to use the camp area road so as not to disturb those who are staying there.

Fire Department
Answers Record
Number Of Calls

To any who may remark that there have been "an awful lot of fires lately," Fire Chief Elmer Boal has the prompt answer, "There has."

On April 30, out of curiosity, the chief thumbed through his records and found that since the first of the year the department has responded to 53 fire calls, forty of which were to city fires and 13 were country calls.

Compared with last year's record of 103 calls for the entire twelve months, this is far ahead of schedule. He adds that there have been not nearly as many calls to grass fires as there were last year.

DEATH CLAIMS
LOCAL MATRONMrs. Walter Engelhart
Heart Victim

Mrs. Irene Engelhart, 48, wife of Walter Engelhart, city, died suddenly Saturday afternoon after suffering a heart attack near Marquette.

Mrs. Engelhart had accompanied her husband to Marquette where he has been receiving treatments at St. Mary's hospital and they were about 5 miles out of Marquette on their return to Gladstone when Mrs. Engelhart was stricken. She was dead upon admittance to St. Mary's hospital.

Mrs. Engelhart, a daughter of the late Roy and Mrs. Thorbahn, was born at Brampton, March 20, 1901 and was married to Walter Engelhart in 1921 at Escanaba.

She was a member of Memorial Methodist church.

Surviving are the widower, Walter; two daughters, Mrs. Ray Gagnon and Joyce, city, and a son, Don, in the U. S. N. Submarine Service with base at San Diego; the mother, Mrs. Roy Thorbahn; four sisters and three brothers, Mrs. Edna Ambau, Mrs. Jessie Friedman and Mrs. May Lusard of Escanaba, Mrs. Dorothy Zimmel of Gladstone and Eugene, Glenn and Ralph of Gladstone. There is also one grandchild.

The body was removed to the Kelley funeral home and later will be taken to the Thorbahn home at Fourth Avenue North and North Seventeenth street to repose until the hour of last rites.

Funeral services have not been completed awaiting word from the son.

Defective Lamp
Cord Starts Fire

Considerable damage was done by fire and smoke at the Oscar Ohman home, 824 Montana avenue, Saturday, when a defective cord running to a bed lamp in a guest room ignited the mattress. The blaze was discovered by a daughter, Bette Re.

The department also was called out Sunday noon to control a grass fire on the bluff.

Cooperating in the presentation of this program are the following teachers: Miss Elizabeth Mikulich, first and second grade; Mrs. John Nessman, second grade; Mrs. Lillian Rowell, third grade; Mrs. Hazel Noss, fourth grade; Miss Mattie Benson, fifth grade and Mrs. J. Williams, sixth grade.

The fifth and sixth grades will present an opera, "The Phantom Ship," by Christie.

The Lakeside-Central schools will combine to present their programs at the high school auditorium on May 20.

Homemaker's Club
Meets at Gulliver

Gulliver, Mich.—A meeting of the Blaney Park Homemaker's club was recently held at the home of Mrs. Harrison Beach, of Gulliver.

The topic of the lesson was "Meals Made Easy" and was presented by Mrs. Beach and Mrs. Applegate. A very interesting discussion concerning dinners made easy, wild greens, and foods rich in vitamins was presented in this lesson. Many helpful suggestions were received by the homemaker in regard to meal planning and preparation of foods rich in vitamin content.

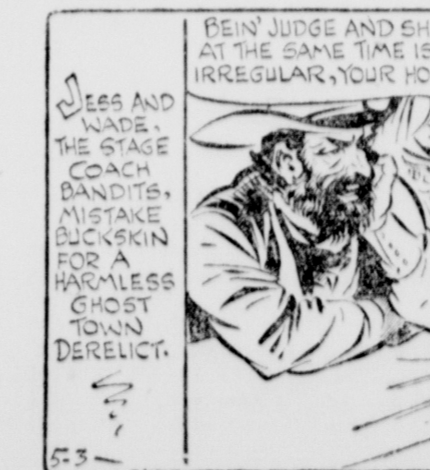

It was agreed by the Club members that the money taken in from the payment of dues at this meeting be donated to the Schoolcraft county Cancer fund.

Mrs. Glen Beal was a guest at this meeting.

Refreshments were served by the hostess at the close of the meeting.

It was decided that the Club members plan to attend the achievement day program to be held at Germfask on Thursday evening, May 6.

Ziegler-Groleau

A wedding of local interest is that of Miss Marjorie Lois Ziegler, daughter of Mr. and Mrs. Wendell W. Ziegler, Navarre, Lake Minnetonka, to Orville Groleau, son of Mr. and Mrs. Ernest Groleau, 1217 Superior avenue, city, which took place in the sanctuary of the Basilica of St. Mary in Minneapolis on April 3.

The bride is now completing a four-year course in piano at the McPhail School of Music in Minneapolis. The groom was graduated from Gladstone high school in 1943 and served in the U. S. Army for 33 months, a considerable portion of the time in the European theatre. He also is completing a course at the McPhail Music school.

Mr. and Mrs. Groleau are at home at 1329 Yale Place, Minneapolis.

Birthday Party

Linda Lou Gamache, daughter of Mr. and Mrs. Lloyd Gamache, entertained at a birthday party on Friday afternoon at her home in honor of her ninth birthday anniversary. Games were played and a delicious lunch was served. Linda received many nice gifts in honor of the occasion.

Those present were, Janice Switzer, Barbara Mineau, Sally and Kay Pelky, Mary Ann and Janet Sue Peine, Sue Ann Smith, Jean Pierce, Patsy Hoskins, Janet LeGault, Marguerite, Wilmette, Loretta Laskey, Deborah Goodreau, Barbara Jean Rose, Mary Lou Sterns, Edith Ann Noggle, Kay Bolger and Judy and Peggy Gamache, sisters of Linda.

Mrs. Clifford Mineau assisted Mrs. Gamache.

Theater Party

Billy Gamache, son of Mr. and Mrs. Lloyd Gamache, was host to a group of his playmates at a theater party on Saturday, April 24, in honor of his eighth birthday anniversary which occurred on Monday, April 26. The youngsters returned to Billy's home after attending the matinee and lunch was served. The honored guest received many nice gifts.

Present were, Bobby Gardner, Marion Flannery, Dickie Cannon, Allan Dabney, Larry Sunblad, Bobby, Ronnie and Donnie Mineau, Allan Hoskins, Francis Mineau, Harold Lee Bergman, John Bjork and Jimmy Schram.

In Memoriam

In loving memory of our dear mother, Mrs. Anna Donenu, who passed away nine years ago today, May 3, 1939.

We miss to see in the soft dim light,
A face we loved the best;
And think of her when the sun's last ray
Goes down in the far off west.
We miss you no less as the time passes on,
Than we did on the day of your going,
For absence can never close the door of our hearts,
And the lamp of our love is still glowing.
Your heart was the truest in all the wide world;
Your love the best to recall;
For no one on earth could take your place
You are still the dearest of all.

RIFLE LEAGUEOutdoor Matches To Be
Held Starting May 17

A small-bore rifle outdoor league will be organized here and will start activities on Monday, May 17, it is announced by George Minne, secretary of the Gladstone Rifle and Pistol club.

Three teams have already been formed and a fourth is in process of organization, Minne said, and hopes are held that the league will have at least eight teams when shooting starts. One or more of the teams is expected to be composed of feminine gunners.

All events planned at present will be of intra-club nature. Some inter-club matches may be arranged at a later date.

All shooting will be from prone position and at 50 and 100 yards. The league is being formed to stimulate interest in rifle shooting locally.

Mrs. Steve Grenfell and daughter, Ethel Gay and son, Harry, have returned to Menominee after spending a couple of days at the home of Mrs. Grenfell's parents, Mr. and Mrs. Matt Mackie.

Louisville, May 3 (AP)—The "rock-on-and-sock-em" combination of Kentucky derby record smashers, Calumet Farm's Citation and Jockey Eddie Arcaro, set dead aim today on a few more marks in their quest for the coveted triple crown—America's diadem of three-year-old racing supremacy.

SHARKEY WINS BY KNOCKOUT

Dougherty Catches Hard Short Right Punch

With a hard right punch that didn't travel more than 18 inches, Leonard Sharkey, perennial favorite in Escanaba, put George Dougherty, game Munising batter, to sleep in 1:55 of the first round in their scheduled three-round windup of the Escanaba Lions club 10-bout card at the junior high school Saturday night.

It was a clear-cut kayo punch that caught Dougherty off guard after he had Sharkey on the run most of the first round. Sharkey's quick reaction and sharp timing paid off as the shaggy headed Escanaban wasted no time taking advantage of the opening.

Until Sharkey uncocked his knockout blow, it appeared that the 32-year-old Dougherty, a veterans of many ring battles, was well on his way to handling the cagey Indian. In fact, the ringside comment was: "Dougherty will take him in the second."

But they weren't figuring on Sharkey unwrapping his Sunday punch on Saturday night. He did. And Dougherty was still limping around Monday morning from the effects of his fall to the canvas. His knees buckled.

"I still think I can beat him," Dougherty said this morning. "And I'd sure like another chance to prove it."

Results of the other bouts in their order on the card follow: Jim Valentine, Escanaba, TKO over Duane Peterson, Escanaba, 50 seconds of second round.

Jim Erickson, Escanaba, decisioned Calvin Johnson, Gladstone. Erickson scored three knock-downs.

Gale Phalen, Menominee, decisioned Jim Froberg, Escanaba, who ran out of gas.

Frank Massey, Sault Ste. Marie, kayo over Emmett Fagan, Manistique, in 45 seconds of first round. A left to the chin did the trick, but the little Soo boy used a hard right to good advantage to set it up.

John Barr, the people's choice from Bark River, TKO over Sarge Mayer, Manistique—paunch and all—at the end of the second. The Sarge was a good guy in a fill-in bout, a born comedian, and would have put on a good show but Jimmy Mancini made him mix it.

Red Lindstrom, Escanaba, close decision over Paul Crawford, Manistique, that was booted. It would have been booted either way. Both judges and Referee Mancini scored it a one-point win for Lindstrom.

Stan Maedike, Manistique, split decision over Dwight Areson, Gladstone, who, in the eyes of Judge A. F. Valenti and Referee Mancini, didn't quite make up a first round knockdown. But the Gladstone battler made a whale of an effort. Judge George Grenholm was convinced.

Al Massey, Sault Ste. Marie, decisioned Vernon Dionne, Manistique, but not after absorbing two hard rights in the third round that apparently didn't hurt him.

John Stropich, Escanaba, TKO over Allen Felch, Manistique, who ran out of gas in the second but still kept charging in like a bull even after the blood started running from his nose.

Sports Mirror

Today a year ago—Jet Pilot won the 1947 Kentucky Derby by a head over Phalanx with Faultless third. Crowd was estimated at 115,000 with \$1,253,042 bet on the Derby.

Three years ago—Commissioner A. B. Chandler said he would move baseball headquarters from Chicago to Cincinnati.

Five years ago—Brooklyn won its ninth game in 11 starts, defeating Philadelphia, 5-3.

Ten years ago—Lefty Grove of Boston Red Sox became sixth major league pitcher in history to pass the 2,000 strikeout mark by striking out six Detroit Tigers. Boston won the game, Grove's 260th victory in 15 years.

tion and Arcaro showed how a horse race should be run Saturday, all eyes were turned on the approaching Preakness and Belmont stakes.

Usually the Preakness, to be run at Pimlico in Baltimore May 15, comes one week after the derby but there'll be no hustle and bustle to the railroad car and the trip to Maryland this time. The trainers can bide their time, and speculate on the apparent futurity of challenging Citation and his nifty-stepping stablemate, Coaltown.

The Belmont stakes at New York follows June 12, and completes the triple crown lineup. Arcaro could be the first jockey ever to ride two triple crown colts. Only seven horses have been able to grab the elusive triple since the first derby was run in 1875. Calumet's Whirlaway and Eddie himself did the job once in 1941.

The 74th derby had been tagged for Citation months in advance and the Calumet speedster merely followed the script before some 90,000 at Churchill Downs. He collared his stablemate, Coaltown, coming into the stretch and then won by three and a half lengths. Ben Whitaker's My Request, heavily backed by Texas money, was third and then followed Billings, Grandpere and Escadru, strung out. Citation's time was 2:05 2/5 over the slow track.

Meanwhile, the Preakness field was indefinite. Trainer Ben Jones said Citation and Coaltown probably would leave for Baltimore Tuesday or Wednesday. My Request is expected to depart Wednesday.

C. V. Whitney's Mount Marcy, second to My Request in the Wood Memorial, is a strong possibility, while King Ranch's Better Self, Greentree's Kilroy, and A. J. Sackett's Gasperilla might like to take on the Calumets at the Preakness distance of a mile and three sixteenths.

Grand Rapids Sets Central Loop Pace

The high-gear Grand Rapids Jets kept a run-productive winning streak alive today as they carried a three-game victory string into the second week of the Central league baseball season. But the first good streak of the Detroit Tigers' farm club at Flint was at an end.

Surviving a rollicking eight-run Saginaw rally in the eighth inning, Grand Rapids cracked a 10-all tie in its half of the same frame Sunday to hand the Bears their fourth successive defeat, 12 to 10. The Jets have averaged 10 runs a game winning their last three.

Batting
Ralph Kiner, Pirates—Batted in four runs with two homers to lead Pittsburgh to a 6-4 victory over the Cincinnati Reds.

Ted Williams, Red Sox—Drove in five mates with a homer and triple as Boston defeated the New York Yankees, 7-1.

Ed Snider, Dodgers—Slammed two home runs, a triple and single to lead Brooklyn to a 9-6 victory over Philadelphia in the first game of a doubleheader.

Pitching
Ken Heintzelman, Phillies—Pitched no-hit ball for six and two-thirds innings and yielded only four safeties as the Phils shut out the Dodgers 2-0 in the second game of a twin bill.

PRACTICE GAME
The Escanaba Taverns will play the Paper Mill in a practice softball game at No. 4 diamond at 6:30 this evening.

Al Lolotai, huge lineman of the Los Angeles Dons of the All-America pro football Conference, is also heavyweight wrestling champion of the Hawaiian Islands.

John Stropich, Escanaba, TKO over Allen Felch, Manistique, who ran out of gas in the second but still kept charging in like a bull even after the blood started running from his nose.

Lefty Ken Heintzelman pitched a four-hit shutout or Philadelphia in the National league to give the Phillie a split in their doubleheader with Brooklyn. The Phils won the afterpiece 2-0 after the Brookes had pasted out pitchers for 13 hits and a 9-6 win in the first game.

Hey, Look! Cubs Win
Ed (Duke) Snider, rookie outfielder, led the Dodgers' first game attack with two home runs, a triple and a single in five times at bat. He drove in four runs. Curt Simmons, Philadelphia's \$60,000 bonus beauty, suffered his third loss of the season.

Amassine 19 hits off five pitchers, the Chicago Cubs buried the Cardinals under a 13-4 score in St. Louis.

Louis A seven-run Cub eighth inning ended all hopes for the Redbirds. Veteran Bill Nicholson and Rookie Hal Jeffcoat drove in three runs apiece for the Cubs, who still are in last place in the tight National league race, but only three games from the top.

The scheduled doubleheader between the Browns and White Sox in Chicago was postponed on account of rain.

The Escanaba high school Eskymos opened their 10-game schedule in the Central U. P. High School Baseball conference with a 3-2 victory over the Negaunee Miners at the city diamond here Saturday afternoon.

In so doing, they picked up against the Miners just where they left off last season when they downed the Negauneans twice.

The Eskymos were outthit, 9-7, Saturday, but Pitcher Ray Berndt was very effective in the clutches, and they coupled that with a sound defensive game to nip the Miners.

Escanaba took a one-run lead in the first. Negaunee came back to tie it up in the third and go ahead by 2-1 in the fifth. The Eskymos deadlocked it with a run in the sixth and pushed across the winning run in the last of the eighth.

Jim Deane, first man up, bunted and beat it out for a hit. Bob Kolb struck out but Deane stole second. Ron Sedenquist then grounded out to short, advancing Deane to third. Walter Flath hit sharply to the Negaunee shortstop, who threw low to first base, and Deane scampered home with the winning run.

TIGERS SWEEP TRIBE SERIES

Dizzy Bests Feller; Fred Nips Lemon

Cleveland, May 3 (AP)—It's whole hog or none with the Detroit Tigers, who finally got their pitching bearings here yesterday to slap the league leading Cleveland Indians 4 to 2 on Freddie Hutchinson's smart three-bitter.

The best Tiger mound performance of the season enabled Detroit to sweep a two-game series from the previously undefeated Tribe and head east on a 10-day junket with a fifth place record of six wins in 13 starts.

Now only 2 1/2 games back of first place Cleveland, the Tigers turned their backs on the west after playing five series, four of which resulted in clean sweeps. Tuesday they open a three-game series in Boston.

Detroit took all three games of its opening series with Chicago, lost three straight to the Indians in Detroit, dropped two out of three to the Browns in St. Louis, lost a two-game series to the White Sox in Detroit and then came here to sweep the pair from Cleveland.

Paul (Dizzy) Trout bested Bob Feller, 10 to 3, Saturday to become the first pitcher to beat the Indians this year and Hutchinson followed up with his remarkable job yesterday with his first victory of the season. More than 50,000 fans saw each of the two games with 37,450 tuning out for Sunday's struggle rematching Hutchinson against Bob Lemon, Cleveland right-hander who beat him last week.

Except for a pair of home run pitches, the first one to Manager Lou Boudreau and the other to Lemon himself, who also singled, Hutchinson had the Indians on his hip all the way, facing only 30 batters—three more than the minimum. He didn't walk a man and struck out four.

Detroit scored twice off Lemon in the opening inning on Eddie Mayo's pass, George Kell's double and Pat Mullin's single.

The two Cleveland homers tied the score before the game had three innings but Walter (Foot) Ever put the Tigers in front to stay in the fourth by blasting his first home run of the year over the left field fence. It was the Tigers' ninth homer this season with the bases empty.

Hutchinson scored the fourth Detroit run in the eighth, beating out a bunt and racing all the way around to third on the play when Lemon threw past first and Larry Doby bobbled the ball trying to retrieve it in right field foul territory. Mayo's fly scored him.

Although Mayo scored one run and drove in another, he came to the end of his hitting streak, which had reached 12 straight games. Mayo was hitless in three official times up.

Kell and Rookie First Baseman George Vico each collected two of the Tigers' eight hits.

Locke Slips; Skip Alexander Winner In Washington Meet

Washington, May 3 (AP)—Four straight rounds in the sixties brought Skip Alexander a six-stroke triumph in the National Capital Open golf tournament.

He shot the final round—a four-under-par 68—in the rain yesterday for a 271 total that didn't leave runner-up Bobby Locke's 277 even close.

Alexander, 29-year-old Mid-Pines, N. C., sharpshooter, was tied with Locke after 54-holes and kept up his hot pace while the South African slipped to a 74 on the last round.

Ben Hogan, the Hershey, Pa. veteran and generally a good stretch runner, needed a 74, too, for third at 280.

ESCANABA DAILY PRESS SPORTS

"It Seems To Me"

BY JIM WARD

More and more high schools in the Upper Peninsula are adding baseball to the spring sports schedule. This is a fine thing, but it is resulting in several conflicts in the short school spring sport season.

High schools this far north must jam all spring sports into the merry month of May. It is a one-month season for track, baseball, tennis and golf—and a busy one.

For instance, the Escanaba Eskymos have five track meets and 10 baseball games scheduled in May. Because of other events, postponement of two baseball games already has been necessary, and the opening track meet in Menominee has been moved ahead from Saturday, May 8, to Thursday, May 6.

Baseball games postponed indefinitely are Escanaba at Gwinn, May 4, and Escanaba at Marquette, May 7. The Eskymos will not be able to make these trips, and as yet no dates have been set to play the two games. It will be difficult to sandwich them in a busy school season, which includes numerous activities in addition to sports.

But keep this date in mind—The Eskymos will go to Menominee Thursday of this week instead of Saturday for the opening track meet of the season. It will be a triangular affair with Iron Mountain and Menominee.

It is hoped that this meet—an attractive track dish bringing together the three leading track teams of the U. P.—will be made an annual event. Menominee is the host this year and next season it probably will go to Iron Mountain or Escanaba.

To assure a fast meet, each school will be limited to three entries in each event.

Definite word has been received from Marquette that Graveraet high school will be host to the Upper Peninsula relays, relinquished this season by Escanaba because the latter city will be host to the Upper Peninsula track and field finals Saturday, May 29.

Henry J. Bothwell, Graveraet principal, reports that the Marquette Memorial field track is being rebuilt to regulation size in time for the U. P. relays Monday, May 31.

Bomar's Team Cops 9th in ABC Classic

Detroit, May 3 (AP)—Chicago's Kathryn, world match game champions, occupied ninth place in the American Bowling Congress tourney today and Buddy Bomar felt particularly good over it.

The Kathryns rolled into the first ten last night with 2953 as Bomar responded to some cool treatment by pounding the maples for 674, high individual

game. The Chicago ace, central figure in a recent dispute, heard a few boos as he was introduced as "Bowler of the Year." He then proceeded to roll 198-204-269, rolling eight straight strikes in his last game.

Bomar was fined \$500 and suspended for six months by the Bowling Proprietors' association for infraction of rules in the challenge match between Kathryn and E. B. of Detroit. Later the penalties were lifted.

Amassine 19 hits off five pitchers, the Chicago Cubs buried the Cardinals under a 13-4 score in St. Louis.

In Memoriam

A loving thought and memory of my husband, Arvid Lind, who passed away two years ago, May 3, 1946.

Memories are treasures no one can steal. Death leaves a heartache. No one can heal. Memory is a golden chain. Now that he's gone, I shall remember, no matter how long. Time takes away the edge of grief, But memory turns back each heart. A loving thought, a silent tear. A beautiful memory. Of my Arvid. Peacefully sleeping, resting at last. The world's weary troubles And trials are past. Memory is a golden chain. That binds us till we meet again. To have, to love, and then to part Is the greatest sorrow of one's heart. The years may wipe out many things But this we wipe out never. The memory of those happy days. When we were both together. Two years have passed since that sad day.

The one I loved was called away. God took him home, it was His will. But in my heart, he liveth still. Now I wait for that great day. Pray dear God, not far away. When together again, we can always be. Up there with God, through eternity.

Sadly missed by his wife,

MRS. FREDA LIND.

HOUSE GROUP PUTS O. K. ON 2-YEAR DRAFT

(Continued from Page One)

refused to give top priorities to armament orders, or if they did not provide equipment at what the secretary of defense considered reasonable prices.

5. Doctors up to 45 years old could be drafted for two years' service. The armed forces would be allowed to call for doctors up to five per cent of their total manpower and dentists up to two per cent. At full strength that would put some 100,000 doctors and 10,000 dentists into uniform, counting those already in service.

6. Ministers, divinity students and some conscientious objectors would be exempt from service. Objectors willing to perform non-combatant service would be inducted for such service only.

7. Deferments for schooling, dependency, and occupation would be determined by the president.

8. The law would expire two years after it went into effect.

The possibility of a UMT rider was brought up by Rep. Towse (R-NJ), author of the training bill which has blocked for months. It was approved by the Armed Services Committee last summer.

Towse said he may offer his bill as an amendment to the draft bill on the floor. It would provide for putting UMT into operation automatically after expiration of the draft.

Laborer Is Buried Bu Cave-In of Sand; 100 Work On Rescue

Chelsea, Mass., May 3 (AP)—With only the victim's wife still believing him alive, more than 100 men resumed digging operations at dawn today to reach a laborer entombed beneath Second street.

Efforts to reach Angelo Corsini, 33, buried in a cave-in while he was repairing a water main Saturday night, were halted temporarily at midnight last night after 27 hours of digging.

The workmen were hampered in their rescue efforts by shifting sand which filled in holes almost as fast as a huge power shovel could remove dirt. By midnight the crew had dug down only about 12 feet.

Metropolitan district commission engineers said the cave-in was caused by the shifting of an underground layer of wet sand which created a vacuum.

Another man working with Corsini—Joseph R. Welch, 35—managed to pull himself to safety.

Bogota Conference Ends With Signing Of 21-Nation Pact

Bogota, Colombia, May 3 (AP)—The Ninth Pan-American conference came to a formal end yesterday, when delegates signed a 21-nation economic pact in a five-minute session.

The official closing ceremony occurred April 30 when delegates signed the charter of the organization of American states and other charters and resolutions.

Most of the chief delegates had left before yesterday's session, ambassadors and assistant delegates signed the economic pact in their stead. There was no dissenting vote.

Norman Armour, assistant secretary of state, and other members of the United States delegation plan to leave Colombia today for the trip home in the private plane of Ambassador William D. Pawley they expect to go to Kingston, Jamaica, today and arrive in Miami tomorrow.

Milwaukee Imports Beer During Strike Of Local Breweries

Milwaukee, Wis., May 3 (AP)—Spigots still are spouting in this famed beer city but very little of the amber fluid is a home-town product.

Yes, Milwaukee actually is importing beer—barrels of it. The eight-day-old strike of CIO Brewery Workers has shut off the flow from six breweries. Blatz, Schlitz, Pabst, Miller, Gettelman, and independent firm which supply about 80 per cent of the beer quaffed locally.

But the thirst of Milwaukeeans—who drink an average of 31 gallons of beer yearly—has not gone unquenched. Chicago and Wisconsin breweries are shipping in plenty of beer, according to President Wendelin Kraft of the State Tavernkeepers Association. The 500 striking brewery workers want 30 cents an hour wage increase. The companies offered 13 3/4 cents.

Car Driver Stops, Saves Two Pontiac Children in River

Pontiac, Mich., May 3 (AP)—Two Pontiac children owe their lives today to a motorist who stopped his car near the Clinton river to adjust some tools rattling in the back seat and saw the children struggling in the swift current.

Marion E. Hoover, of Pontiac, waded into the river and grabbed four-year-old Kenneth Jacobson. Then he moved along until Janet Thoe, 3, who had gone under nearby, reappeared. He reached her and pulled them both to safety.

Janet had lost consciousness, Hoover said, but artificial respiration revived her.

The children were cousins. The girl's parents, Mr. and Mrs. Fre-

Management Parley Plan Explained to Escanaba Rotarians

The Mead Corporation's management conference program, in which the management supervisors through discussion achieve a better understanding of their responsibilities and methods of applying them were explained to the Escanaba Rotary club today noon by Harold Vanderberghe, traffic manager for the Escanaba Paper company, Mead Corporation subsidiary.

Organization structure and policy of the corporation; knowledge of present labor laws and their effect upon industry and the employees; knowledge of techniques in handling people are the three primary points covered in the conferences, Vanderberghe said.

The supervisor's conferences are informal and through discussion convince the management supervisors that production, quality, training, costs and other factors have their background in the employee. Each employee is different, Vanderberghe said the conferences stress, and each must be approached as an individual to achieve willing cooperation, better understanding and greater efficiency.

The technique of handling people emphasizes that the employee is no longer to be ordered and reprimanded. "Driving tactics are a thing of the past," said Vanderberghe. There were a number of questions asked following Vanderberghe's talk, and interest was expressed in extending such conference programs to other industries in the community.

so county chairman.

The convention failed to induct its delegation for any presidential candidate for the first time in 16 years and that was interpreted as a coolness toward President Truman. There was some Eisenhower sentiment among the delegates and a smattering for William O. Douglas, associate justice of the United States supreme court who is the favorite of the New Deal wing of the party.

The delegates at large chosen include Bevan, Gibson, Reid, Scholle, Dr. Stephen Skrzycki, mayor of Hamtramck; William Booker of Detroit, James A. Burns of Detroit, Peter V. Healy of Detroit, Ted Welsh of Detroit, Prentiss M. Brown of St. Ignace and Detroit, Mrs. Schwingler, John Boeschstein of Muskegon, David M. Martin of Flint, Mrs. Josephine Donovan of Grand Rapids and Hickman Price of Ann Arbor.

DISTRICT DELEGATES
Battle Creek, Mich., May 3 (AP)—Following are the Upper Peninsula delegates to the Democratic National Convention elected at Congressional caucuses at the state convention. (Some districts elected four half delegates and some two full delegates.)

Eleventh—Wendell Lund, Escanaba; Thurman B. Doyle, Menominee; Theophile Garipay, Sault Ste. Marie; and Mrs. Ann Dalton, Cheboygan.

Twelfth—Frank Hook, Ironwood; Sam Jacobs, Iron Mountain; Jack Howell, Negaunee; and Leonard McManman, Ironwood.

Chiang Will Crush China Communists Or Die In Attempt

Nanking, May 3 (AP)—Generalissimo Chiang Kai-shek, challenged by mounting dissension within his own party, promised today to crush the Chinese Communists even if it killed him.

Simultaneously, the newspapers throughout China were beating war drums. In Shanghai, Nanking, Peiping and other centers, published dispatches contained more talk of coming battles in Manchuria, North China and the Yangtze valley than of actual fighting.

Semi-official sources reported an important setback for Chiang's troops: That the Communists had gained virtually complete control of Shantung peninsula—which juts into the Yell sea between Shanghai and Tientsin—with capture of Changlo after a three week siege.

The economic front felt the impact of the guerrilla civil war. A flood of capital from Communist-endangered North China areas contributed to another drop in the Chinese yuan. The new exchange rate: 850,000 to \$1 (U. S.).

TRUCK CRUSHERS BABY
Hillsdale (E)—Donald Ray Beckman, Jr., 14-year-old farmer's son, was killed under the wheels of a truck driven by a hired man Saturday.

SNATCHERS WORK SUNDAY
Detroit (E)—Purse snatchers stole \$7 from one woman and \$13 from another Sunday.

Tests on heartwood from trees that have stood for as long as 15 years after being killed by fire or insects have demonstrated that this wood was as sound and strong as wood from the live tree.

mont Thoe, had moved to a new address Sunday. With Kenneth, son of Mr. and Mrs. Raymond Jacobson, the little girl had wandered away from her new home through a deep woods to the Clinton river.

Kenneth explained simply: "I went swimming. Janet went down."

STORMS WHIP SEVEN STATES; LOSSES HEAVY

and a small community near Ketchum. In Bernice 15 houses were destroyed and 14 damaged. Thirteen buildings were hit east of Whiteoak.

One man was electrocuted and ten persons were injured during a wind, hail and rain storm yesterday at St. Louis, Mo., and the adjacent Illinois area.

Four persons were injured during high winds and heavy rains in east-central Indiana. Twelve homes were reported destroyed and many farm buildings were damaged. Ridgeville in Randolph county was hardest hit.

CHAPEL DEMOLISHED
Monticello, Ky., May 3 (AP)—Four known dead, several missing and about 50 injured were included in the toll of a tornado which swept across Clinton and Wayne counties last night, police Chief Charles Back reported here today.

The dead were identified as Mr. and Mrs. William Denney of Alpha, Clinton county, and the two young sons of Mrs. James Gregory of Sumpter, Wayne county. Mrs. Gregory was reported missing.

Deputy policeman Wiley Gregory said the Gregory youths (not related to the officer) met death when the fierce winds blew away their house. The bodies were found some distance from where the house had stood. A search was under way for other members of their family.

Most of those injured were in the Davis Chapel church, which was demolished.

Alpha, a town of 140, lies midway between Albany and Monticello near the Kentucky-Tennessee line.

An estimated 125 persons were in Davis Chapel, listening to the Rev. James L. Hulse preach when the storm struck. The floor of the church remained but the walls had been blown 20 or 30 feet off their foundation.

The force of the wind reportedly moved the Alpha post office a few feet but the structure remained standing.

RAIN INCREASES MISERY
Clarksburg, W. Va., May 3 (AP)—A steady rain poured more misery today on the homeless of six rural communities in central West Virginia which were ripped by a tornado that left five known dead and 31 hospitalized.

State police and the Red Cross were convinced all the dead and wounded had been found. But Harrison County Sheriff Harry Carder continued to lead searchers through the remains of houses scattered on the mountainsides.

The storm hit about 9 o'clock (EST) last night and played hopscotch in the farming and strip coal mining communities surrounding Clarksburg.

The streets of Mount Clare, a town of 200, were typical of the aftermath. Furniture littered the streets and high in the branches of a tree was the body of an automobile.

The home of Mrs. Minnie Bartlett, 66, of Quiet Dell was picked up and carried 40 feet to the edge of a highway where it landed intact. The elderly woman suffered a broken shoulder.

A 240-pound farmer told of being blown 100 feet. "I was asleep when my wife heard the roar and awakened me," he said. "When I tried to open the kitchen door the house was blown away."

The rains brought a new threat of floods and some streams in the area already were seeping over roads.
